Understandings:

Student Load: It is understood that grants are for full semesters and/or full school years during which a full load of studies, based on credit hours, will be taken. HAMSAP requests to be informed if the load for any semester will be half or less, based on credit hours. When the load falls below 50% credit hour load, the grant may also be reduced to one-half unless the student promptly sends written justification for the reduction to the HAMSAP Committee.

Transfer: This application is for the school named on this application, and will not automatically follow a student who transfers to another eligible school. Such a transfer would require notification to the HAMSAP Committee and a request for transfer on or before December 1 prior to the beginning of the new semester in the following January.

Change of Status: Should the status of the applicant change, through a decision not to enroll after application is made, by termination of studies during the school year, or by transfer to another school, it is imperative that the applicant inform the HAMSAP Committee of such change of status.
